**All will be on its way for a 2017 construction and closure of the last gap of the Crystal Lake to Woodstock trail.**

**Put your money where your heart is !**

Show your support of the project and donate towards the local 20% match to close the gap. This will help to finance the local match and will help to raise the remaining money from agencies and communities. Please make a donation, no matter how large or small. It is better if 1000 people give \$10. vs. One person donating \$10,000. If you can spare only \$5.- do that and if you can spare \$100.- or more do that. Follow your heart !!

**All donations to the Conservation Foundation are tax deductible.**
